Dear Mr. Martin:

Re: Application for Permission No. 355/11, Pursuant to Ontario Regulation 150/06 to construct a single residential dwelling at 1182 Geddes Street in the Township of Wellesley

The Grand River Conservation Authority (GRCA) has reviewed the revised site plan and has determined that the revisions are minor and satisfy the intent of our permission granted on July 29, 2011 for the above-noted works. On this basis, we are amending the permit through this letter and adding the attached Schedule 'B' plan. We note that all other Schedule 'B' plans that are not affected by these revisions are still valid. Please be further advised that this permit is valid until July 29, 2013.

The schedules form part of the permit and describe the work approved. Any changes to these plans must be reviewed and approved by the GRCA. Please note that permission is based on existing information, policies and practices and does not bind or imply that any other permission will be forthcoming.

We trust this is of assistance on this matter. If you have any questions regarding this letter, please contact me.

Yours truly,

A handwritten signature in black ink, appearing to read "Andrew Herreman".
